

LEARN EVERYTHING ABOUT TRICUSPID VALVE AND RIGHT HEART FAILURE

29-30 SEPTEMBER 2023

PCR Tricuspid Focus Group
Referral Meeting

Nevin Amphitheatre St Thomas' Hospital
Westminster Bridge Rd, London SE1 7EH, United Kingdom

Topics: Right-sided heart failure and tricuspid regurgitation: from community to tertiary centre.

Points of discussion: How patients get referred to tertiary centres, when to refer them, and what is the appropriate medical management after any procedure.

Tailored for: General practitioners, cardiologists, cardiothoracic surgeons, care of the elderly, nurses, allied professionals.

What to expect: Hands-on training, sessions on anatomy, clinical cases... and lots of sharing and exchange!
